

**Allocation of M-100's, Automarks, and booths for May 4, 2010 Primary Election
(Board Vote Needed)**

1. **Requirement of Public Meeting** – R.C. 3501.11(I) and Directive 2008-64 requires that each board of elections conduct a full vote of the board during public session on the allocation and distribution of voting machines, tabulating equipment and marking devices for each precinct prior to each election day.

The total number of M100's (precinct count optical scanners) for distribution for use on Election Day is 525 (475 - 1 per each precinct in election and 50 extra) with all others held at the board of elections for backups to replace non working equipment when needed.

There will be 50 M100's (precinct count optical scanners) for backups which will be made available to any precinct that needs to exchange equipment for any reason.

The total number of Automarks for distribution for use on Election Day is 227 (198 - 1 per polling location, with the exception of 2 precincts having 2 automarks as the precincts are in 2 different rooms) with all others held at the board of elections for backups to replace non working equipment when needed.

There will be 29 Automarks available to any polling location that needs to exchange equipment for any reason.

The total number of 650's (high speed optical scanners) is 6. They will remain at the BOE, 470 Grant Street, Akron, Ohio, 44311.

The number of booths for each precinct is 1 per each 100 registered voters, with 4 being the minimum number of booths.

The Summit County Board of Elections follows the Secretary of State's guidelines and Ohio revised Code for allocating voting equipment for each election as described in Directive 2008-64 and ORC 3506.19

The number of [registered voters](#) and [voter turnout](#) in each precinct from a similar election.
